Kagira Drawing Solution
No: 21A, Ramalinga Nagar,
OMR, Kottivakkam,
Chennai, India
Ph: +91 9500 100 966

Syllabus

- ✓ **Volume-I** Introduction
- ✓ **Volume-II** Tools
- ✓ **Volume-III** Modeling
- ✓ **Volume-IV** Pipe Components
- ✓ **Volume-V** Supports
- ✓ **Volume-VI** Spring Hangers
- ✓ **Volume-VII** Nozzle & Loads
- ✓ **Volume-VIII** Stress Analysing
- ✓ **Volume-IX** Equipment Analysing
- ✓ **Volume-X** Underground Pipe (Buried)

Volume-I

Introduction

1. Introduction about Pipe Line Stress Analysing 1

Volume-II

Tools

2. Menu Command 5
3. Input Menu 6
4. Analysing Menu 7
5. Output Menu 8
6. Tools Menu 8
7. Menu Commands 9
8. Edit Menu 10
9. Standard Operation 11
10. Model Menu 18

Volume-III

Modeling

11. Piping Input 20
12. Node 21
13. Pipe Proprieties 22
14. Auxiliary Data 25

Volume-IV

Component

15. Bend 27
16. Reducer 31
17. Tee 32
18. Valve & Flange 34
19. Expansion Joint 35

Volume-V

Supports

20. Restraints 37
21. Anchor 38
22. Shoe Support 43
23. Guide 45
24. Stopper 48
25. Limit stop 49
26. Rotational Restrain With Gap 52
27. Skewed Double Acting Restraints 54
28. Restrain between two pipes 56
29. Dummy support 58
30. Allowable support spans 63
31. Support Thick Calculation 63

Volume-VI

Spring Hangers

32.	Hangers	64
33.	Variable Spring Hangers	65
34.	Constant Spring Hangers	66
35.	Hangers Selection	67

Volume-VII

Nozzle & Loads

36.	Flexible Nozzles	73
37.	WRC 297	73
38.	API 650	77
39.	PD 5500	79
40.	Force & Movement	81
41.	Uniform Load	81
42.	Wind Load	82
43.	Wave Load	83

Volume-VIII

Stress Analysing Report

44.	Stress Category	85
45.	Load Combinations	88
46.	Load cases	91
47.	Critical Line Analysing	96
48.	Expansion Loop	106
49.	Report Generation	109
50.	Stress ISO Generation	111

Volume-IX

Equipment & Components

51.	Stress Intensification Factor	114
52.	Bend Intensification Factor	117
53.	WRC 107	119
54.	Flange leakage Stress	129
55.	Strength of Corroded Pipeline	136
56.	Expansion Joint	140
57.	NEMA SM23	145
58.	API 610	150
59.	API 617	154
60.	API 661	156
61.	Heat Exchange	159
62.	API 560	161

Volume-X

Buried

63.	Buried Pipe Analysing	162
64.	Exercise	166
